6. Please give a 100 word summary on your background.

I am a corporate lawyer who grew up in Decatur, GA to parents that were both entrepreneurs. We didn't have much but they instilled in me the value of hard work and helping others when I could. After law school, I knew that I wanted to serve in some capacity in my community even if it wasn't an elected office. I have since developed a reputation for not only my work ethic and ability to communicate well with others but also a passion for wealth generation and empowerment in my community.
