

**NAME:** Jorge Granados  
**PARTY:** Democrat  
**SEEKING:** House District 99

**1. Why are you seeking your office?**

I am running for office because I want to give back to the community that has given me and my family so much over the years. I want to make sure that we have enough resources to go to families in need.

**2. What do you expect to accomplish if elected?**

Once elected, I want to make sure that we continue to fund public schools and raise teacher salaries. Education is important to all communities and we need to continue to thrive on it.

**3. What distinguishes your candidacy?**

I have grown up here in Georgia, more specifically, here in House District 99. I went through the public school system in the area and graduated from Meadowcreek High School. I manage 2 small businesses, one within the district, so it really gives me an opportunity to communicate with our local community every single day.

**4. Pick any one issue. Expand on how you will address it.**

One of the major issues that we are currently facing is the lack of public transportation. Gwinnett county will continue to grow, and more people will continue to be on the roads. We need to expand MARTA into Gwinnett and add more bus routes throughout the county.

**5. Suggest ways to jump-start the economy after COVID-19.**

One way I would suggest jump-starting the economy after COVID-19 is to invest in green technologies. It will be a great opportunity to create plenty of jobs. This will create a better future and improve the health of the population.

**6. Please give a 100 word summary on your background**

I am Jorge Granados. I have lived in the district since 2000. I grew up with six other siblings and a single mother. We all went to through the public school system and graduated from Meadowcreek High School. We have struggled nearly all our lives, but my mother did not give up. Her reaching out to the community for help and the community giving everything we need, has inspired me to run for office and make sure that every single person deserves the help they need.
