

NAME: Karen Watkins
PARTY: Democratic
SEEKING: School Board Post 2

1. Why are you seeking your office?

I am running for **BOARD OF EDUCATION** because I have made it my mission and civic duty to ensure our **COMMUNITY** thrives and continues to thrive. **EDUCATION** is at the **CORE** of a thriving community. As a school board member I will represent the people within GCPS District 1. I will have the privilege to help ensure ALL our children who attend Gwinnett County Public Schools receive a **QUALITY EDUCATION**, are **SAFE IN SCHOOL** and **FEEL CARED FOR AND SUPPORTED** by their **COMMUNITY**.

2. What do you expect to accomplish if elected?

My vision for our school system includes the following:

- Prepare ALL our students to achieve at high levels in ALL core areas.
- Produce students who are well-rounded and are prepared to work in our ever- changing world.
- Fully leverage the value our diverse school system offers.
- Enhance, develop and maintain a strong, supportive and empowering public-school community.
- Accountability for ensuring ALL our students achieve by **SHOWING** we are **SPENDING OUR TAX DOLLARS WISELY**.
- Direct resources/finances to the **CLASSROOM!**
- Work to improve the performance of ALL students, teachers, and business operations.
- Maintain **ACCOUNTABILITY** of our student's academic achievement.

3. What distinguishes your candidacy?

I am a mother with two elementary school age children in the system and no board member today has children in the school system. I feel the impacts of the decisions made by the board.

4. Pick any one issue. Expand on how you will address it.

Parents voiced concerns about the GCPS digital learning platform. Teachers have raised concerns about the platform and the inability of many students to use it effectively. During the pandemic, it's become evident that GCPS leadership didn't

listen to these concerns as the platform hasn't changed to meet the stakeholders' needs.

As a parent and an engaged community member, I know the only way positive changes will occur is if we elect school board members who'll listen to the voices of our community stakeholders and will hold our school system accountable for making the improvements our children deserve.

5. Suggest ways to jump-start the economy after COVID-19.
